SKIN EXPERT/PARIS

Oily Skin, Enlarged Pores & Fine Lines

Lebo's Skin Concern

Cheek pore enlargement, an overlooked indication of ageing, is aggravated by excess oil production. Oily skin requires a light, non-greasy textured moisturiser with mattifying finish and long-lasting freshness. Avoid signs of oily skin, enlarged pores and fine lines with **Revitalift Classic Light Texture**.

Dark Spots & Fine Lines

Lesego's Skin Concern

Ageing is not just about wrinkles, but also the appearance of dark spots. A UV filtering system protects the skin from UV rays responsible for the appearance of dark spots. Combat dark spots and fine lines with **Revitalift Classic SPF 30**.
